

# FRIENDS UNIVERSITY

To Whom It May Concern,

I am so grateful to be able to write a letter of recommendation for an individual like Dr. Greg Ross. Dr. Greg Ross means so much to me and he has truly opened my eyes to learning new perspectives when it comes to leading adults and young students. The difference I saw him make in just such a short amount of time is truly inspiring. There is no one I respect more than Dr. Greg Ross. He is inevitably the best educator and leader that I have been around. I have been in education for 12 years now and I have never seen anyone lead the way he does. His compassion and understanding for all human beings is very humbling to see. Dr. Greg Ross would be a tremendous asset to the district; he would provide the framework to give each student and faculty the opportunity to be successful. I have seen first-hand Dr. Greg Ross make the community around him a better place. If I had the opportunity to work for Dr. Greg Ross again, I would do so immediately. He is a God fearing man who will not waver in striving to change the lives of individuals each day. When it comes to Dr. Greg Ross, the bottom line is that he makes everyone around him truly desire and work towards being personally better.

Sincerely,

Jason Parr
